the college.

The review examinations begin Monday next. Recitations begin at 9 o'clock and continue one hour in each subject during the day. These examinations last two weeks. Chapel exercises are dispensed with, and the students go immediately to their classrooms. A percentage of 60 is required to be maintained by students, or otherwise they will be dropped to the next lower class.

The baseball association has elected H. J. Curtis manager and J. Patterson captain. A team will be selected temporarily, and practice will begin immediately after the examinations, weather not preventing.

The Athletic Association has called a mass-meetling of the students for next week, when Captain Corbett will outline his policy for the coming spring and addresses will be made by several of the alumni. The unfavorable weather has prevented the men from following up their outdoor practice, but they, with the candidates for the teams of the two lower classes, are daily doing work in the gymnasium under the supervision of the team's strainer. B. C. Bail, '56, has been appointed manager for this year.

The Glee, Banjo and Mandolin clubs have concerts arranged for the next six weeks, including the Hoboken concert on January 15; Jersey City, January 22; Bergen Point, January 25; Montclair, February 4; Newark, February 7, and Brooklyn, February 12.

The usual drill took place on Tuesday, Thursday and Saturday, nearly all, the cadets being present. The battailon is being drilled under the command of Lieutenant Granger Adams, 5th Artilliery, U. S. A., in the manual of arms. Many of the new cadets under the non-commissioned officers are drilled "in the school of the soldier."

Greater interest is taken in the baseball team this year by both the faculty and students than for several years, and everything points to a most successful year in that line of sport. The candidates for the team practise a little daily under Manager "Tom" Calkins, who will spend most of the time given for training in developing good hitters, as they are mostly needed on the Fordham team, as was frequently shown last year. The team's fielding is and always was good. There are several new students among the candidates who are said to be skilful with the "stick."

held at Pratt Institute on Wednesday afternoon, January 16, at 3 o'clock. The subject under discus-sion will be "Current Literature; the Novel and the sion will be "Current Literature; the Novel and the Magazine as Aids to an Understanding of Present Social Conditions." Mrs. Margaret Deland will come from Boston to talk upon the novel. The subject of the magazine will be discussed by Dr. Albert Shaw. Editor of "The Review of Reviews." The public are always cordially invited to attend these lectures. "The Pratt Institute Monthly" at the next issue will appear with another cover, a more artistic one than any it has formerly had. It fortunately makes this change at the issue of its art number, so within and without it will be thoroughly harmonious. TEACHERS' COLLEGE.

Teachers' College reopened with full numbers after the Christmas holidays, and there have been many visitors to the school upon the hill in spite of the stormy weather. full that it has been found necessary to form new classes to meet the demand. Such a class in cook-ing was begun before the holidays, and another is ing was begun before the holidays, and another is now being formed. Interesting acquisitions have been made to the Science Department in the shape of fine specimens of the products and animal life of Bermuda, where the director of the department has been spending the holidays. A hundred fine stereopticon views of the island are being prepared

to illustrate a series of talks with the students.

A field club has been organized in connection with the Science Department for the purpose of studying nature at first hand. Membership is free to the public, and while regular attendance is desirable those who can come only occasionally are welcomed. The meetings are held on thernate Saturdays, at 1:30, with the college as a starting point, and on stormy days the club meets in the geo laboratory. The first meeting since the holidays was held yesterday.

FOR THE FRENCH COOKS' BALL. The committee in charge of the French cooks'

ball, to be given at Madison Square Garden on February 6, in aid of the widows' and orphans' fund, reports the most flattering success so far, in the sale of boxes and tickets. The novel feature of the ball will be the exhibition of the culinary masterpieces, made by the chefs of the principal masterpieces, made by the chefs of the principal hotels, cafés and private houses. The exhibition will take place on the afterroon of February 6, in the assembly-rooms of the Garden. The music of the ball in the evening will be furnished by 100 musicians under the direction of Max Schwab. The ball is given by the organization known as the Société Culinaire Philanthropique, which has already done much charitable work. A CHARITY RIDING TOURNAMENT.

ANOTHER ARREST IN WESTON'S FORGERY CASE. Charles W. Kellam, a son of D. L. Kellam, was taken to the District-Attorney's office yesterday, charged with forgery in the second degree. His arrest is in connection with that of his father and William W. Weston, president of the savings bank of Honesdale, Penn. The three are charged with by Simmons that these notes were all executed vere given to Kellam and Weston to discount for a Wilson bill went into operation. Simmons says they did not discount them as agreed, but after-

ward changed the dates in order to appropriate the proceeds to their own uses, if they succeeded in discounting them.

Assistant District-Attorney Battle will ask that the younger Kellam be held in \$5.00 bail. President Weston gave nimself up on Friday to the District-Attorney.
